PEACE

KATAHIMIKAN

Dear Friends,

Your support,
spiritually, financially
and on the picketlines,
has made our survival as
a growing force a living
fact.

The striking and or-
ganizing farmworkers
have ceased to be pass-
ive. Though the world
seems on the brink of
senseless disaster at
home and abroad, we are
attempting to lay a firm
base for a future of
peace and justice.

We organize for dig-
nity and a decent life -
the liberation of the
farmworker.

We pledge continued
struggle. We ask that
you keep up your support.

Peace and

VIVA LA CAUSA!
